

# HSA Model AQ-7

## Economical Automatic Strapping Machines

- The AQ-7 is a budget version of the RQ-8 strapping machine with the ability to reliably run 5mm and 6mm strapping, assuring perfect strap placement and alignment.
- Consistent tension is applied with a tension arm system. The AQ-7 features the same lubrication free operation as the RQ-8. Using cost efficient 3-phase power, the motors run only when necessary.
- Capable of 27 straps per minute, the AQ-7 offers proven reliability and durability at an affordable price.
