Patriot Series Low Profile

Pallet
Wrappers

The Patriot Low profile machine is an economical stretch wrapper for those upgrading from a hand-wraper or anyone with infrequent wrapping needs. This 4,000 lb. capacity stretch wrapper is available with a high profile turntable for forklift loading, and low profile turntable for pallet-jack loading. The Patriot minimizes physical bending, decreasing the risk of back injury. The standard Patriot comes completely assembled and ready to plug in.

Standard Features

- ◆ Manual electric controls
- ◆ Average cycle time 2 min (based on 3 bottom & 3 top wraps)
- ◆ Infinite wrap pattern freedom
- ◆ Custom formed steel channel with steel tube reinforcement
- ◆ All welded steel construction
- ◆ UL approved components
- ◆ Variable stretch control (manual, 0%-100%)
- ◆ Adjustable carriage height stop
- ◆ Steel-It paint provides scratch resistant surfaces and prevents corrosion
- ◆ Variable carriage speed
- ◆ Maximum load weight 4000 lbs,
- ◆ Fixed turntable speed: 12RPM
- ◆ Forklift portable
- ◆ Turntable height: 13 7/8" (HP), 3 1/8" (LP)
- ◆ Machine operational diagnostics
- ◆ Maximum load size - 50" x 50" x 74" (HP)

Optional Features

- ◆ Extended base frames for additional turning clearance for oversized pallets
- ◆ Tower height and turntable capacity upgrades
- ◆ Top platen device used to stabilize tall or light unstable loads for rotation
- ◆ A variety of access ramps to assist loading of pallet
- ◆ Wrap-N-Weigh configuration available to combine wrapping and weighing into one operation
